We will try to keep the groups balanced in size. If you are not comfortable with your group talk to Jim, Larry or Bob and we will try to accommodate your needs. We want to keep this a safe event so make us aware of anything that you see that is a problem.

Please remember this is a not for profit event and all the people putting this on are volunteers. Please help us find the solution to problems. Just be warned that “good ideas” can be rewarded with work to implement them! =/8-)
